Your dedicated comprehensive
timepiece partner and total solution

Work Flow

Maduro is a specialist in OEM watches as well as project-based businesses

We have a collection of over 800 models with wide range of different styles for your selection. Among our collection, customer can make modifications in the specification like colors and material which suitable for their specific projects of different budgets and markets.

Apart from our collection, we offer OEM service. Especially tailor-made for OEM projects, a dedicated OEM team is organized involving the cooperation of sales, design, engineering and sourcing team. Starting from idea generation to prototype to actual production, our OEM team is ready to serve you in a full service basis.

Our mission is to support and actualize your concept and idea. Contact us any time and let's work together to make your dream comes truth.

Our sales & marketing team, research and development team and sourcing team have regular meeting to review the market trend and develop the most latest models. You can always find the most update trendy style available in our collection. We offer flexible service in terms of quantity and production lead time. Within our collection, more than 60 models are selected with Minimum Order Quantity as low as 25 pieces. And, we are able to arrange Rush-service whenever needed.
